KICKSTART YOUR CAREER WITH FAUN

Are design and innovation key motivating factors in your life? Then start your career at FAUN. We offer practical courses, industrial and administrative apprenticeships, diploma thesis and practical semesters at all of our European locations. Many of our current employees joined FAUN after taking one of these options.

We at FAUN know that qualified young talent is the key to success. A practical course, an apprenticeship or a diploma thesis at FAUN is the first step on the way to a brilliant career.
